1. You will recall that in reference B the Chairman of the Committee on Overhead Reconnaissance reported to the D/NRO the disestablishment of the Technical Subcommittee on Processing in pursuance of the recommendation of the D/NRO. At the second meeting of the Technical Subcommittee on 18 May 1962, [redacted] of Eastman Kodak had submitted film test materials as a means of getting the customers' views on the use of reversal duplicate negatives in order to better satisfy consumer needs. An evaluation of the test film strips has now been accomplished by the participating agencies. They are attached as reference B underlying a transmittal memorandum of [redacted] of NPIC.
